School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (Most Recent Year)

The Mission of Castle View Elementary School is to empower each and every student to become an active participant in their own learning. We are committed to provide clear and focused instruction that meets Common Core State Standards so that upon graduation students are college and career ready. Castle View offers the Dual Language Immersion program. The goal of the DLI program is to produce students with bilingual skills and cross cultural competencies needed to succeed in our multicultural society. Faculty, students, parents, and community work together in partnership to prepare each Castle View student academically for life long success in a global society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: 10/2015

The table displays information collected in October 5, 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. It was determined that each RUSD school had sufficient and good quality textbooks, instructional materials, or science lab equipment, where appropriate, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a 6-year cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

Riverside Unified School District adopts instructional materials on a regular schedule based on State adoptions. All students receive appropriate, up-to-date instructional materials for use in the classroom and at home. All materials currently in use have been selected by the staff with parent input, and approved by the Board of Education according to state adoption requirements. Teachers are provided training in the use of new materials.

“Riverside Unified School District maintains both 5 and 15 year major maintenance plans for all schools. These plans are located at the District’s Maintenance and Operations Office and are available for review.”

Riverside Unified School District has instituted a formal school facility inspection system based on State of California School Facility Condition Criteria. The State criteria consist of 13 building components typically found in school facilities. Castle View Elementary School completed their school site inspection on 03/05/15.

Castle View has a full time custodial staff who along with other district personnel maintain the grounds and facilities.

Riverside Unified School District has allocated funds for the sole purpose of school maintenance pursuant to Education Code sections 17002(d), 17014, 17032.5, 17070.75(a), and 17089(b). The information below displays the number of individual maintenance work orders completed in the last 12 months and the assessed value of the work completed.

B. Pupil Outcomes**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

Parents are encouraged to attend all parent meetings including the English Learners Advisory Committee (ELAC), School Site Council (SSC) and the Parent-Teacher Organization (PTO). We also welcome parents to volunteer in their child's classrooms. All parents are encouraged to take an active role in their child's education. Planners are provided for students in 3rd through 6th grade. Parents are asked to review and sign their student's planner each day. Planners support on-going communication between the teacher and parent. Castle View has an active Drama Club, facilitated by a community volunteer. Parents whose children participate are encouraged to support the program through volunteering to create sets, costumes, and participate the day of performance by assisting students with costumes and make-up. Parents may obtain information on any of these organizations on campus and parental involvement by calling Erica Square, principal, at (951) 788-7460. Parent communication is supported through the Castle View website, text messages, phone calls, newsletters, conferences, email, and the use of Haiku Learning Management System which teachers post homework, information, and a calendar of important deadlines and events.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (Most Recent Year)

The School Site Council or its delegate is responsible for the development and updating of the school's Comprehensive Safety Plan. A Site Comprehensive Safety Plan Checklist is provided by the Assistant Superintendent of Operations to give guidance on what should be included in the School's Safety Plan. The Safety Plan is discussed with staff, evaluated, amended/reviewed/updated by March 1 of each year. The school's safety committee makes monthly safety inspections. A school Disaster Preparedness Plan that deals with a wide variety of emergency situations is incorporated into the School Safety Plan. Earthquakes, fire, and lockdown drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; provisions of any schoolwide dress code including the definition of "gang related apparel"; safe movement of pupils, parents and school employees to and from school; strategies in maintaining a safe and orderly school environment; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspensions, expulsion or mandatory expulsion and other school designated serious acts which would lead to suspension or expulsion, notification to teachers, anti-bullying policy and school discipline rules and procedures pursuant to EC 35291 and EC 35291.5. The school also has an assigned School Resource Officer (SRO).

Professional Development (Most Recent Three Years)

During the 2013-2014 school year, all staff members at Castle View participated in professional development. Many staff members participated in training sponsored by the school, district, or through special projects that were appropriate for their individual needs.

Transition to the California Common Core State Standards - In 2013-2014, the focus of staff meetings was to continue to increase our knowledge about the Common Core standards. Teacher leaders and district staff developers provided training to Castle View staff on the instructional shifts in the Common Core Standards.

In 2014-2015 Castle View teachers continued to participate in professional development focusing on Common Core standards, how to identify strengths and areas of need in the instructional program and grouping students for success.

K-2 teachers continued the implementation of the in K-2 Institute in 2013-2014. K-2 Institute utilizes the Orton-Gillingham model of direct instruction with students identified as 'intensive' learners who need support with phonemic awareness. K teachers received support from district instructional specialists on the implementation of the program. Second grade teachers and Dual Language Immersion teachers were trained at the end of the school and year and will begin implementation in the 2014-2015 school year.

During the 2014-2015 school year teachers in grades K-2 fully implemented the K-2 Institute. Teachers use these strategies during whole group instruction to strengthen best first instruction. Teachers use the results of the DIBELS assessment to group students based on instructional needs. Targeted instruction is provided to students a minimum of four days per week. Teachers received continued support on the implementation of the program from staff developers. The goal is for all students to read fluently by grade three.

During the 2015-2016 school teachers will continue to grow professionally and increase their knowledge of 21st Century teaching skills and strategies. Teachers in grades TK-6 participated in district wide PD focusing on technology integration into the curriculum. In

addition, teachers are receiving support on the continued implementation of the Units of Study in grades 3-6. All teachers continue to increase their knowledge of the instructional shifts in ELA and Math. Teachers regularly call upon staff developers to model lessons and to receive assistance with planning for optimal student learning at the rigor of the common core standards.

Through our Professional Learning Communities, Castle View staff works as grade level teams to focus on student learning and grade level wide needs. The Leadership Team is committed to collaboration and goal setting. Weekly collaboration provides teachers support as they meet to plan instruction, analyze student results, and design interventions for students who are not meeting grade level standards. The energy and discussions set the tone for shared leadership at Castle View.

The staff discussed and adopted group norms to ensure all opinions are valued and that meetings provided a safe place for staff to express alternative plans or options. Staff encourage a cooperative attitude in planning for school wide success through vertical teaming and holding everyone accountable for student learning.

District Instructional Specialists are utilized to support staff development, on-going coaching and monitoring. Instructional Specialists are working with K-2 teachers to fully implement the K-2 Institute. An ISS and staff developer is also working with our Dual Language Immersion teachers to provide on-going support in the development and expansion of DLI at Castle View.
