School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: 10/2015

Materials Sufficiency Board Meeting Date: October 5, 2015

The table displays information collected in October 5, 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. It was determined that each RUSD school had sufficient and good quality textbooks, instructional materials, or science lab equipment, where appropriate, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a 6-year cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

Riverside Unified School District adopts instructional materials on a regular schedule based on State adoptions. All students receive appropriate, up-to-date instructional materials for use in the classroom and at home. All materials currently in use have been selected

by the staff with parent input, and approved by the Board of Education according to state adoption requirements. Teachers are provided training in the use of new materials.

"Riverside Unified School District maintains both 5 and 15 year major maintenance plans for all schools. These plans are located at the District's Maintenance and Operations Office and are available for review."

Riverside Unified School District has instituted a formal school facility inspection system based on State of California School Facility Condition Criteria. The State criteria consist of 13 building components typically found in school facilities. Liberty Elementary School completed their school site inspection on 10/12/2015.

During the 2014-15 school year, replacement of aging portables with a new split-level classroom wing was completed.

Liberty has a full time custodian who, along with other district personnel maintain the grounds and facilities.

Riverside Unified School District has allocated funds for the sole purpose of school maintenance pursuant to Education Code sections 17002(d), 17014, 17032.5, 17070.75(a), and 17089(b). The information below displays the number of individual maintenance work orders completed in the last 12 months and the assessed value of the work completed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

Parent Involvement Contact Person Name: Esther Garcia Contact Person Phone Number: 951-352-8225

Parents are encouraged to attend all parent meetings, parent workshops and to volunteer in their child's classroom. All parents are encouraged to take an active role in their child's education through ongoing communication with the school. The school communicates with parents through parent letters, flyers, autodial calls, school marquee, posters, and website, which includes a monthly calendar. Other forms of communication available to parents are Class Dojo and Remind.

Parents are encouraged to attend all School Site Council, English Learner Advisory Council, and Parent Teacher Association meetings throughout the school year. School Site Council and English Learner Advisory Council meetings are conducted every month. The meeting agendas included sharing achievement data, categorical budgets, and the Single Plan for Student Achievement. Trainings are also offered at these meetings.

Liberty engaged parents through multiple academies and trainings during the 2014-2015 school year. These trainings were focused on providing all parents with strategies to support their children in developing basic early literacy and reading comprehension skills. In 2015-2016, the GED program is being offered at Liberty for parents interested in attaining their High School Diploma.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (Most Recent Year)

The School Site Council or its delegate is responsible for the development and updating of the school's Comprehensive Safety Plan. A Site Comprehensive Safety Plan Checklist is provided by the Assistant Superintendent of Operations to give guidance on what should be included in the School's Safety Plan. The Safety Plan is discussed with staff, evaluated, amended/reviewed/updated by March 1 of each year. The school's safety committee makes monthly safety inspections. A school Disaster Preparedness Plan that deals with a wide variety of emergency situations is incorporated into the School Safety Plan. Earthquakes, fire, and lockdown drills are conducted as required.

The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; provisions of any school-wide dress code including the definition of "gang related apparel"; safe movement of pupils, parents and school employees to and from school; strategies in maintaining a safe and orderly school environment; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspensions, expulsion or mandatory expulsion and other school designated serious acts which would lead to suspension or expulsion, notification to teachers, anti-bullying policy and school discipline rules and procedures pursuant to EC 35291 and EC 35291.5. The school also has an assigned School Resource Officer (SRO).
