School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (Most Recent Year)

About Victoria Elementary

Victoria was built in 1956 when the surrounding area was rural orange groves. Modernization of the entire campus was completed in 1996. In 2013, front perimeter fencing was installed to ensure that all visitors check into the office and receive a pass. The gates remain locked until dismissal time. The surrounding neighborhood is relatively free of crime and the school has experienced little vandalism and graffiti over the past few years.

Many special programs are available for students:

- **AVID** (Advancement Via Individual Determination) for grades 4-6
- **Early Literacy Skills by grade 3**
- **Student Engagement**
- **HEARTS** -Afterschool program providing academic hour and enrichment activities
- **Enrichment Days** - A day once a month when the whole school participates in activities with the same theme
- **Read 180** - Individualized reading assistance
- **Parent/Family Nights**
- **AOK** (Acts of Kindness) - Students bring coins to help the disadvantaged students' families in our school during the holiday season.
- **LOL** (Lunch on the Lawn) - Once a month parents come to the school and have lunch with their student
- **ESL** (English as a Second Language) class for parents
- **Lunchtime soccer supervision** for grades 1-6
- **Parent Workshops**
- **100 Mile Club** - All students run/walk each morning with the goal of reaching 100 miles within the school year

Victoria School's Staff BELIEVES!

We BELIEVE every child has value. All students have special talents and abilities. We can tap into their strengths. Therefore, we will identify student strengths and provide opportunities for all students to explore their special talents and abilities. We will use these strengths to motivate students.

We BELIEVE every student can rise to teachers' expectations. Setting high expectations provides students opportunities for growth and achievement. Therefore, we will plan rigorous instruction, scaffolding prior knowledge. We will set daily goals (objectives) and show them how to reach them.

We BELIEVE children need to have self esteem. Therefore, we will let them know we value them by actively seeking the positives and acknowledging them. We will positively reinforce desired behavior and academic efforts.

We BELIEVE we are a collaborative team. Our learning community is responsible for everyone. Therefore, we will collaboratively analyze data and plan for improved instruction based on current reality.

We BELIEVE we create the culture of the school. Attitude is everything. Therefore, we model a "we can and will succeed" attitude. We will minimize the negative and accentuate the positive.

We BELIEVE all children deserve a safe, caring, positive, enriching learning environment. Everyone should be treated with respect. Therefore, we will consistently implement the school discipline plan. We will review school and classroom rules on a regular basis *throughout* the year.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: 10/2015

The table displays information collected in October 5, 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. It was determined that each RUSD school had sufficient and good quality textbooks, instructional materials, or science lab equipment, where appropriate, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a 6-year cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

Riverside Unified School District adopts instructional materials on a regular schedule based on State adoptions. All students receive appropriate, up-to-date instructional materials for use in the classroom and at home. All materials currently in use have been selected by the staff with parent input, and approved by the Board of Education according to state adoption requirements. Teachers are provided training in the use of new materials.

"Riverside Unified School District maintains both 5 and 15 year major maintenance plans for all schools. These plans are located at the District's Maintenance and Operations Office and are available for review."

Riverside Unified School District has instituted a formal school facility inspection system based on State of California School Facility Condition Criteria. The State criteria consist of 13 building components typically found in school facilities. Victoria Elementary School completed their school site inspection on 02/18/15.

Victoria has a full time custodial staff who along with other district personnel maintain the grounds and facilities.

Riverside Unified School District has allocated funds for the sole purpose of school maintenance pursuant to Education Code sections 17002(d), 17014, 17032.5, 17070.75(a), and 17089(b). The information below displays the number of individual maintenance work orders completed in the last 12 months and the assessed value of the work completed.

B. Pupil Outcomes**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

The parental involvement contact at this school is Linda Daltrey, principal, and can be contacted at 951-788-7441.

Parents and families play an important role in the education of our students. When parents and teachers work together on behalf of students, the results are powerful. Each year families receive a parent handbook that contains information about programs and procedures of Victoria School. In this information is also a Home-School Compact. This compact outlines responsibilities between the school, parent, and student that are required to have a successful school year. Because we believe that communication is key, Victoria has many systems in place. Each grade level team sends home newsletters to inform parents about the curriculum that will be taught and ways they can help at home. In addition, parents receive the Victoria Newsletter which includes articles and calendars. Parents are encouraged to visit the RUSD website at

www.rusd.k12.ca.us, our school website at

<http://rusd.schoolwires.net/Domain/35>, our school Facebook at

[facebook.com@RUSDVictoria](https://www.facebook.com/RUSDVictoria), and our PTO Facebook at

<https://www.facebook.com/#!/pages/Victoria-Elementary-PTO/327234801032> to obtain information about parents and curriculum resources and current school news. The school marquee also posts information about meetings, holidays, and school-wide events - many of which also emailed and/or communicated via our automated phone system.

Parents and community members are encouraged to take advantage of the many opportunities that are available to become involved at Victoria. Joining the PTO, serving on parent committees, volunteering in the classroom and library, attending parent training

classes, ensuring that their children come to school every day on time and complete nightly homework, and participating at school events are just a few ways to become involved.

There are various parent groups at Victoria School.

- Victoria has an active and involved PTO which works on behalf of students, families, and teachers. This group meets monthly on the second Tuesday of the month.
- The Victoria Outdoor Education booster club (OE) fundraises and plans for sixth grade science camp in which each student attends for one week in the San Geronimo mountains (at no cost to the family).
- School Site Council (SSC) is a committee that oversees the School Categorical Budget and monitors the implementation of Victoria's School Library and Improvement Plan. The committee is comprised of Victoria's teachers, classified staff, and parents. This group meets the third Thursday of each month.
- English Learner Advisory Committee (ELAC) is comprised of parents of English Language Learners. This committee meets concurrently with the SSC meetings. Meeting topics include the following:
 - The importance of regular school attendance
 - Parents Needs Assessment
 - The Victoria School Plan and English Learner Plan
 - R-30 Language Census
- Classroom Volunteers

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (Most Recent Year)

The School Site Council or its delegate is responsible for the development and updating of the school's Comprehensive Safety Plan. A Site Comprehensive Safety Plan Checklist is provided by the Assistant Superintendent of Operations to give guidance on what should be included in the School's Safety Plan. The Safety Plan is discussed with staff, evaluated, amended/reviewed/updated by March 1 of each year. The school's safety committee makes monthly safety inspections. A school Disaster Preparedness Plan that deals with a wide variety of emergency situations is incorporated into the School Safety Plan. Earthquakes, fire, and lockdown drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; provisions of any schoolwide dress code including the definition of "gang related apparel"; safe movement of pupils, parents and school employees to and from school; strategies in maintaining a safe and orderly school environment; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspensions, expulsion or mandatory expulsion and other school designated serious acts which would lead to suspension or expulsion, notification to teachers, anti-bullying policy and school discipline rules and procedures pursuant to EC 35291 and EC 35291.5. The school also has an assigned School Resource Officer (SRO).

Professional Development (Most Recent Three Years)

- **All Classroom Teachers** attend monthly staff meetings including on-site professional development in identified areas of need. In addition, the teachers have the opportunity to attend a variety of staff development trainings and other activities sponsored by the school, district, or through special projects that are specific to their professional growth goals.
 - All teachers participate in weekly Standards-Based Planning team meetings where they collaboratively analyze current data and plan each theme/unit of instruction. These planning sessions address district-wide agreements that include planning for the following:
 - Two-Part Learning Objectives
 - Student Engagement
 - Differentiation of Instruction
 - All teachers have been trained on the RUSD board adopted curriculum materials. In addition, follow-up training is offered throughout the year focusing on best practices for implementation.
 - Each teachers has a laptop, document camera, and LCD projector
 - Gifted and Talented Education teachers attend staff development training offered through the district. These include "Tune-Ups" for veteran GATE teachers. **Victoria's Student Success Team** has received training in the RtI (Response to Intervention) model. They in turn share information with parents and teachers to better support students and their individual area of need.
- **The Principal** regularly monitors teaching and learning to ensure that teachers are implementing strategies they have learned during their training. She provides ongoing support on curriculum implementation and data analysis.
- **New Teachers** are assigned a Beginning Teacher Support and Assessment (BTSA) support provider who mentors them in effective instructional practices and classroom management strategies. New teachers attend monthly BTSA meetings at which time they participate in extensive California Formative Assessments and Support System (CFASST) training that addresses the foundations, general processes, and specific methods of Formative Assessments that make up the assessment and support system.
- **Non-Classroom Teachers** at Victoria include our Special Education Resource Specialist, Speech and Language Pathologist, and a Title I Intervention Specialist. The special education staff participate in all Victoria staff development opportunities, as well as special education staff development training. They attend monthly job-alike meetings where they have the opportunity to refine their practice and discuss best practices with their colleagues.
- **Paraprofessionals** at Victoria include Instructional Assistants who serve in Special Education classrooms. They attend district-offered training on how to implement special programs such as Project Read, Framing Your Thoughts and Behavior Management Techniques.
- **Non-Instructional Support Staff** includes the following classified staff: Principal's Secretary, School Office Assistant/Attendance Assistant, Health Assistant, Bilingual Community Assistant, Library Media Assistant, Custodian, and Cafeteria staff. Each of these staff members attend district-provided training related to their specific field.

In 2014-15, teachers participated in 4 professional development days. In 2015-16, teachers participated in 2 staff development days, individual conferences, and teacher planning through-out the year.
