

### Dual Language Immersion Lottery Results

At the close of the November - December Fall 2024 Application Window, applications were reviewed and students were accepted to our DLI program based on priority. Per our DLI Application Protocol students were selected based on Priority Level: (1) school of residence students were placed first, and (2) siblings were placed next. After these placements were made, English spaces remained at each of the following sites: Jefferson, Mt. View, Castle View, and Washington.

Through the lottery process, the following English Only and English Dominant students were placed on the English Waitlist. See all Placements and Waitlist Positions below.
